Questions we hear often.

What does Evexya actually manage?+

Billing, staffing, compliance, coding, pharmacy program support, marketing, and growth strategy — you choose which pieces you need.

Do I lose ownership of my practice?+

No. We operate as your management partner behind the scenes. You retain full ownership and complete clinical control.

How does pricing work?+

Every engagement starts with a tailored plan covering only the services you want — scope and pricing are transparent from the start.

Is this compliant with HIPAA and healthcare regulations?+

Compliance is built into every workflow from day one — audit-ready documentation and proper separation of clinical and administrative roles.

How fast is onboarding?+

Most practices are fully onboarded within 4–6 weeks, depending on the scope of services selected.
