Case Studies

What partnership actually looks like.

Challenge

Rising Claim Denials

A multi-provider primary care group was losing revenue to preventable denials and slow reimbursement cycles.

Outcome: 34% fewer denials within two quarters.

Challenge

Compliance Exposure

A specialty practice needed audit-ready documentation before expanding into a 340B program.

Outcome: Fully compliant program launch, zero audit findings.

Challenge

Stalled Growth

A concierge practice had strong patient loyalty but no operational capacity to open a second location.

Outcome: Second location opened within a year, fully staffed.

What our partners say.

"Evexya took our billing and compliance headaches off the table completely. We finally get to focus on patients again."

— Dr. [Name], [Specialty] Practice

"Our collections improved within the first quarter, and onboarding was smoother than I expected. A real partner, not just a vendor."

— [Name], Practice Administrator

"They understand the compliance side as well as the business side. That combination is rare and exactly what we needed."
